INTRODUCT F SERVICES

Google Digital Garage is a free online learning platform offering courses in digital skills, including marketing, data analytics, and career development. It features bite-sized video lessons, quizzes, and the option to earn certifications, making it accessible for beginners and professionals to learn at their own pace and advance their careers.

Digitalgarrage advertising offering typically include:	How services are provided
Free courses on topics like digital marketing, SEO, content marketing, social media, and data analytics. Free certifications upon course completion, often developed with industry partners like the Open University. On-demand learning accessible at any time and at one's own pace. Specific training for businesses, such as free one-to-one mentoring for small businesses and charities in the UK.	Services are provided by Digital Garage in two main ways: through free digital skills training from Google Digital Garage and through a variety of corporate and fintech services from Digital Garage, Inc. (the Japanese company). Google's version offers free online courses, tutorials, and one-on-one mentoring for individuals and small businesses to learn digital skills, while the Japanese company provides B2B solutions like invoice payments, commerce support, and IT services.
